

October 25, 2004

Mr. Frank Sana  
RBF Consulting  
500 Ygnacio Valley Road, Suite 270  
Walnut Creek, CA 94596-3847

To Whom It May Concern:

Frank Sana has worked with Contra Costa County for the last 15 months on the Las Juntas Temporary Parking Lot and Iron Horse Corridor Green Space Project, providing the County with exceptional Construction Management services. Mr. Sana's attention to detail, thoroughness and dependability were pivotal to keeping the project on schedule and within budget. There were many changes to the project plans, due to both the different field conditions and to the directions from the Iron Horse Corridor Green Space Advisory Committee. Mr. Sana was instrumental in controlling the impact of the changes to the project budget and schedule by proactively negotiating the changes with the Contractor and coordinating the change information between the Architect and the Contractor in a timely manner.

Mr. Sana also proactively coordinated with multiple parties on this controversial project, including the City of Walnut Creek, BART, Iron Horse Green Space Advisory Committee, the landscape architect, multiple utility agencies, and the County. Always keeping the County's best interests at heart, he worked conscientiously to ensure the project remained a quality one at the lowest possible cost.

In short, I appreciate the experience, creative thinking and sound management Mr. Sana has brought to this project. His contributions to the success of the Las Juntas Temporary Parking Lot and Iron Horse Corridor Green Space Project have been invaluable.

Sincerely,

A handwritten signature in cursive script that reads "Jerry Casey".

Jerry Casey
